

2016 BUICK

ENCORE

2016 BUICK ENCORE

WHEN WILL YOUR EXPECTATIONS BE SHATTERED?

Today, luxury isn't necessarily defined by size. It's about finding the things that fit your life. With its stylish and functional design inside and out, plus seamlessly integrated digital connectivity, Buick Encore does just that. It's sized to get you around town and into tight parking spaces easily and efficiently. Yet with its versatile cargo space and variable seating configurations, it's a premium crossover that can keep up with your every move. Now isn't that your kind of luxury?

Vehicles shown may contain optional equipment.

WHEN FUNCTIONAL IS BEAUTIFUL

QUICKSILVER METALLIC

WHEN YOU'RE
STREET SMART

QUICKSILVER METALLIC

WHEN DESIGN REVEALS CHARACTER

Look closely at the shapes and surfaces of Encore. Study its details, like the tailored creases in the hood that highlight Encore's refinement and the blue-accented projector-beam headlamps that give Encore its expressive look. The chrome portholes and waterfall grille are signatures of Buick design and a reflection of its character.

WHEN YOU'RE IN THE MOMENT

Inside Encore, seamlessly flowing lines, highlighted by ice-blue ambient lighting, create a relaxed yet spacious environment. The instrument panel's "low and away" design gives a feeling of openness, while soft-to-the-touch materials, such as a leather-wrapped steering wheel and available leather-appointed heated front seats, add to your comfort.

SADDLE LEATHER-APPOINTED SEATING

2016 ENCORE SPORT TOURING

Introducing a new kind of Buick Encore for you to experience: The Sport Touring Edition. The Encore ST is a compact crossover with a look like no other that includes 18-inch Midnight Silver aluminum alloy wheels, body-color door handles and a rear wing spoiler. Encore ST backs up its performance style with what's under the hood: a new direct fuel-injection 1.4-liter turbocharged engine that adds more power and torque. Encore ST also comes with easy-to-appreciate features like remote engine start and Rear Cross Traffic Alert.

WINTERBERRY RED METALLIC

WHEN CONFIDENCE IS QUIET

QuietTuning is Buick's way to reduce, block and absorb noise—helping to keep the quiet in and the noise out. In Encore, a laminated windshield, triple door seals and tight body panel tolerances make it all possible. But we didn't stop there. Bose® Active Noise Cancellation is standard. Unwanted sounds fade into the background, thanks to technology also found in noise-cancelling headphones. This way you can hear yourself think, chat and, of course, enjoy the available Bose premium seven-speaker audio system.

WHEN 4G LTE WI-FI CONNECTS YOU

In the 2016 Encore, OnStar¹ with 4G LTE and a built-in Wi-Fi[®] hotspot² turn your Encore into a reliable mobile hub, with great signal quality and bandwidth. This available technology provides a fast way for your passengers to tap into available high-speed wireless Internet. They can connect up to seven mobile devices to browse websites, stream movies, send e-mails and more.

CONNECTIONS

OnStar with 4G LTE Connection³ With powerful 4G LTE connectivity built right into your vehicle, you have your very own mobile command center that provides fast service delivery and lets you stay connected on the go.

Available Wi-Fi Hotspot² Now your car has its own Wi-Fi hotspot for connecting up to seven tablets, laptops or mobile devices at 4G LTE speed, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3GB trial period (whichever comes first).

Remote Services A simple call to an OnStar Advisor can send a signal to unlock your doors or honk the horn and flash the lights. It's technology hard at work to get you back on the road.

Hands-Free Calling⁴ Your car has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn't available. Choose from minute bundles or a minutes-per-month plan.

OnStar RemoteLink Mobile App⁵ You can remotely start your vehicle (when properly equipped) from virtually any distance, locate your vehicle on a map, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights. With RemoteLink, you can control your car from anywhere you can get a signal.

OnStar Family Link⁶ Now you can have peace of mind when family members travel without you. You can view your car's location on a map, or receive e-mail or text alerts with your car's location at specific times. There's a small charge for this service.

AtYourService⁷ OnStar AtYourService is a new way to discover value in the places you go. You get special offers for better ways to eat, work, shop and play, delivered directly to your RemoteLink mobile app or through a simple press of the blue OnStar button. AtYourService makes where you go and what you do more rewarding.

¹Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. ²Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Visit onstar.com for details and system limitations. ³Visit onstar.com for vehicle availability, details and system limitations. Services and connectivity may vary by model and conditions. 4G LTE service available in select markets. Some services require data plan. ⁴OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations. ⁵Available on select iOS, Android™, BlackBerry® and Windows® devices. Services vary by device, vehicle and conditions. Requires automatic locks and Tire Pressure Monitoring System. The OnStar Vehicle Locate Service can locate OnStar-equipped vehicles, not people. Currently available to U.S. subscribers only. Active OnStar service required. ⁶The OnStar Family Link service locates OnStar-equipped vehicles, not people. Available to active U.S. OnStar service plan subscribers only. Federal, state and local taxes and other service charges may apply. ⁷Third-party trademarks are the property of their respective third-party owners, used under agreement.

WHEN LIFE IS SEAMLESS

Use your voice to control the Buick IntelliLink¹ interactive audio system or have the optional Navigation System² guide you to what you're looking for. Your compatible smartphone connects via Bluetooth^{®3} to Encore's high-resolution, 7-inch diagonal LCD screen. With the ease of advanced voice recognition and steering-wheel-mounted controls, you have access to available audio apps on your phone such as Pandora[®] internet radio or Stitcher[™] SmartRadio and SiriusXM Satellite Radio (with 3-month trial).⁴ IntelliLink also automatically stores your phone contacts for quick access. There's even a USB port⁵ and an available 120-volt outlet to connect your other electronic devices. You're doing all of this while keeping your hands on the wheel and eyes squarely on the road.

¹Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. ²Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ³Go to my.buick.com/learn to find out which phones are compatible with the vehicle. ⁴If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ⁵Not compatible with all devices.

WHEN PROTECTION HAS YOU SURROUNDED

Encore has its priorities in the right place: everywhere. In the center-mounted information screen, the Rear Vision Camera helps you see what's behind your Encore, and available Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. On the opposite page, you can read about available safety features such as Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert. These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

FORWARD COLLISION ALERT

When you're approaching a vehicle ahead too quickly, Forward Collision Alert lets you know with audio and visual warnings. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

REAR CROSS TRAFFIC ALERT

A camera in the rear captures a view behind the car, while radar sensors detect vehicles approaching from the left or right within 65 feet. The system alerts you audibly and by flashing a warning signal on the Rear Vision Camera screen.

SIDE BLIND ZONE ALERT

Using radar technology to help you avoid a collision, Side Blind Zone Alert warns you when vehicles entering your blind zone are detected by sensors on either side of your Encore. A warning icon appears in your outside rearview mirror.

LANE DEPARTURE WARNING

Lane Departure Warning provides both an audio and visual alert should your Encore drift out of its lane without you first having activated your turn signal.

WHEN TECHNOLOGY GUIDES YOU

The REAR VISION CAMERA helps you see objects while in reverse, while available REAR CROSS TRAFFIC ALERT makes you aware of approaching traffic when backing up. Available FRONT AND REAR PARK ASSIST is designed to help the driver park and avoid obstacles while maneuvering. Ultrasonic sensors detect objects in front of and behind the vehicle. When the system detects an object, it provides audible alerts through Encore's speakers. Low-toned beeps from the rear speakers indicate an object at the rear; high-toned beeps from the front speakers indicate an object in front of Encore. The faster the beeps, the closer the object.

WHEN A WHIM BECOMES A WEEKEND

When the weekend rolls around, Encore helps make the most of your escape plans, too. The available second-row seat fold-down gives you nearly 50 cubic feet of cargo space* with the second-row seats folded flat. Even with the rear seat up, Encore gives you almost 20 cubic feet of cargo room.

*Cargo and load capacity limited by weight and distribution.

WHEN ROOM IS EASILY MADE

All that space inside Encore is yours to use however you see fit. A day at the beach? Load up the blankets, chairs and coolers. A trip to the farmers market, then to the nursery for gardening supplies? Quickly lower the second-row seats to create a flat surface ideal for the errand. Driving friends to dinner? Raise the rear seats with ease to welcome them to sit surrounded by spacious comfort. Encore's front passenger seat can also fold flat to create room for objects as long as 8 feet.

WHEN THE JOURNEY
IS THE DESTINATION

QUICKSILVER METALLIC

WHEN ONSTAR IS ON YOUR SIDE

With the Basic Plan,¹ you'll enjoy the powerful connection that comes standard with your vehicle for 5 years at no additional cost to you. You'll have access to limited OnStar services,² which include select features of the OnStar RemoteLink mobile app³—to remote-start your car (if factory-installed), manage your available Wi-Fi hotspot,⁴ locate your vehicle on a map and lock/unlock your doors from your mobile device. Your car can even run its own diagnostic checks. And with OnStar with available 4G LTE, you have a high-speed Internet connection and your own built-in Wi-Fi hotspot.

EMERGENCY

Automatic Crash Response⁵ If you're in a crash, built-in sensors can automatically alert an OnStar Advisor. An Advisor is immediately connected into your vehicle to see if you need help, even if you can't ask for it.

Emergency Services One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

Crisis Assist In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

Roadside Assistance⁶ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

SECURITY

Stolen Vehicle Assistance⁷ If your car is stolen, once it's been reported, OnStar can use GPS technology to locate it and work with local police to help recover it. One simple call puts a team into action, giving you the power and confidence to help recover your vehicle quickly and safely. And with Theft Alarm Notification, if your car alarm sounds, we can notify you.

NAVIGATION

Turn-by-Turn Navigation⁸ Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of over 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the RemoteLink mobile app.

DIAGNOSTICS

Advanced Diagnostics⁹ Feel confident and safe knowing you have a self-diagnosing vehicle with Advanced Diagnostics. Now your vehicle can easily run a check on its key systems and send you Diagnostic Alerts in real time. And the new Proactive Alerts feature can predict and alert you to potential issues before they become a problem. You'll also receive scheduled maintenance alerts. With Advanced Diagnostics, you'll know more and worry less.

¹The OnStar Basic Plan is available for 5 years from the date of delivery of eligible 2015 model year and newer vehicles and is transferable, including Advanced Diagnostics, Dealer Maintenance Notifications and access to limited RemoteLink mobile app features. The OnStar Basic Plan does not include emergency, security or navigation services. These and other services are available under a paid plan. Visit onstar.com for vehicle availability, coverage map, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar service and data plan. ²Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. ³Available on select iOS, Android™, BlackBerry® and Windows® devices. Services vary by device, vehicle and conditions. Requires automatic locks and Tire Pressure Monitoring System. The OnStar Vehicle Locate Service can locate OnStar-equipped vehicles, not people. Currently available to U.S. subscribers only. Active OnStar service required. ⁴Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Visit onstar.com for details and system limitations. ⁵Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ⁶Roadside service provided by Allstate Roadside Services. Visit onstar.com for details and system limitations. Services vary by model and conditions. ⁷Services vary by model and conditions. Visit onstar.com for vehicle availability, details and system limitations. Theft Alarm Notification features vary by make and model. Requires factory-installed theft deterrent system, Security or Guidance Plan and selection of notification communication preference(s). Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Messaging and data rates apply. ⁸Requires ABS and Guidance Plan. Visit onstar.com for coverage map. Services vary by model. Ability to send a destination to a vehicle's navigation screen through a smartphone or an OnStar Advisor is only available on 2016 model year and newer vehicles. ⁹Capabilities vary by model. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires an active OnStar service, e-mail address on file and enrollment in Advanced Diagnostics. Proactive Alerts are designed to predict specific types of issues based on information collected from the vehicle. Other factors may affect vehicle performance. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Proactive Alerts.

WHEN YOU MAKE ENCORE YOURS

When you add Buick Accessories—the only ones designed, engineered, tested and backed by Buick—you can transform Encore into an extension of your own personality. To see all the available accessories for your Encore, go to buickaccessories.com.

ACCESSORIES:

ACCESSORY CARRIER MOUNT

The accessory carrier mount is a standard receiver for bike or ski carriers. The vehicle is not rated for towing and the accessory carrier mount should not be used to tow a trailer or a vehicle. Damage to the vehicle may occur and the vehicle warranty would not cover the damage.

WHEELS¹

Personalize your Encore with attractive 18-inch split-spoke accessory wheels.

ROOF-MOUNTED LUGGAGE CARRIER

This stylish, well-equipped roof-mounted cargo box has premium features like dual side openings and Quick Grip mounting. The Ascent is available in two sizes to carry all your gear in style. Requires crossbars or Thule® Rack Solution.

SPLASH GUARDS

Custom-designed molded splash guards fit directly behind the wheels to help protect against tire splash and mud. Specially designed for Encore, they include styling features that accent the exterior of your vehicle.

¹Use only GM-approved wheel and tire combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to buickaccessories.com or see your dealer for details.

IMPORTANT WORDS

Since some information may have been updated since the time of printing (August 2015), please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

NEW-VEHICLE LIMITED WARRANTY This warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.

4 years/50,000 miles (whichever comes first): Bumper-to-Bumper Limited Warranty. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty covers towing to the nearest Buick dealership, and there is no deductible for warranty repairs during the warranty period. The warranty transfers automatically with vehicle ownership during the warranty period.

6 years/70,000 miles (whichever comes first): Transferable Powertrain Limited Warranty plus Roadside Assistance and Courtesy Transportation.

6 years/100,000 miles (whichever comes first): Body and sheet metal components are warranted against rust-through corrosion.

EXPERIENCE BUICK PROTECTION Every 2016 Buick model includes a maintenance program that covers the first two visits of oil and filter changes, tire rotations and 27-point inspections for up to 2 years or 24,000 miles, whichever comes first (does not include air filters). The program is fully transferable to subsequent owners. See participating dealer for other restrictions and complete details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY Buick vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buick vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES Buick products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Buick products may also be used in other GM makes and models.

TRAILERING AND OFF-ROAD DRIVING INFORMATION Please go to buick.com and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

TAKE OWNERSHIP TO THE NEXT LEVEL Create an Owner Center account to gain unrestricted access to everything you need to get the most out of your new vehicle. Receive alerts and service offers, schedule service, view vehicle-specific how-to videos and check service records. All online, anytime. Go to my.buick.com to take a tour or register your Buick today.
