WE ARE PROFESSIONAL GRADE

Y U K O N

Precision matters. It matters in every pound-foot of torque, every millimeter of fit and finish and every decibel of quiet. That's what drives us to reimagine solutions and create rewarding driving experiences. Like the 2016 Yukon. Its EcoTec3 engines offer proven V-8 power and efficiency, while its suspension is engineered for uncompromising ride and handling. Inside, a quiet cabin welcomes you with premium materials and ingenious technologies.

YUKON DENALI: MAKES A STATEMENT. ADDS AN EXCLAMATION POINT.

The ultimate expression of Professional Grade arrives in the form of Yukon Denali. Signature Denali styling begins with its three-dimensional grille, projector-beam HID headlamps and chrome accents and continues with available 22" wheels and optional power-retractable assist steps with perimeter lighting.

YUKON: DESIGNED TO STAND OUT. EXCEPT TO THE WIND.

The 2016 Yukon was designed for efficient aerodynamics. The goal was to make it feel smaller to the wind for reduced noise and improved efficiency. Bold, sculpted lines glide from the three-dimensional grille and over the inlaid doors for smooth, uninterrupted airflow.

SHINING EXAMPLES OF REFINEMENT.

Yukon's bold lines and striking looks are complemented by design innovations such as available power-retractable assist steps and a rear window wiper concealed under the spoiler. These features prove that when limits are pushed, there's no compromise between convenience and style.

POWER-RETRACTABLE ASSIST STEPS WITH PERIMETER LIGHTING Yukon Denali models offer illuminated power-retractable assist steps that automatically extend when the front- or second-row doors are opened to provide easy, lighted access. They retract when the doors close for an uncluttered profile.

WHEEL STYLING Yukon's exterior design is fully complemented with an equally striking selection of available 18", 20" and 22" wheels in various finishes.

SIGNATURE LIGHTING Yukon features projector-beam headlamps (HID on Denali) as well as front and rear “C”-shaped LED signature lighting to create a distinctive appearance.

KEYLESS ENTRY With Yukon’s key fob in your pocket, the available keyless entry system allows access to all four doors as well as the liftgate. Then, upon exit, this feature will automatically lock the vehicle several seconds after all doors are closed.

REAR SPOILER Located on top of the liftgate, the spoiler houses a window wiper hidden when not in use for a clean, uncluttered appearance.

IT WHISPERS PREMIUM.

Both Yukon and Yukon Denali raise the standard for quietness. Acoustic laminated windshield and front door glass, triple door seals, an engine compartment barrier and damping materials in the floor sheet metal all help keep noises from entering the cabin. Yukon Denali adds Bose® Active Noise Cancellation to tune out additional disturbances. As a result, you'll enjoy the quietest Yukon ever. In Yukon Denali, premium surroundings abound thanks to authentic materials and exacting details.

ENJOY 4G WI-FI EVEN ON THE 405.

Yukon offers OnStar 4G LTE⁴ to keep you connected, informed and entertained. Gain fast Internet speeds by adding an available Wi-Fi[®] hotspot. There's also the Color Touch Audio System with IntelliLink,⁵ featuring an 8" diagonal display and seamless hands-free integration of digital devices. Yukon Denali adds a Customizable Driver Display so you can choose the information you see and how you see it. Denali also offers a Bose Centerpoint[®] surround-sound system and a four-color Head-Up Display to help keep your eyes focused on the road.

¹The vehicle must be on or Retained Accessory Power must be active. Remove all objects from the charging pad. Place the mobile device face up on the charging symbol on the charging pad. Move the device slowly until the battery charging symbol displays on the touch-screen, indicating the device is charging. See your Infotainment System Owner's Manual. ²Data plan rates apply. ³Go to my.gmc.com/learn to find out which phones are compatible with the vehicle. ⁴Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for details and system limitations. ⁵Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity.

WE REALIZE YOU ONLY HAVE TWO HANDS.

To help you load it up while your hands are full, Yukon Denali and SLT include a hands-free, foot-activated power liftgate. Once the liftgate is open, Yukon makes it easy to lower the second and third rows to create a flat cargo floor. And since we all travel with plenty of things we just can't leave behind, you'll find generous storage compartments, including an expansive center console as well as power outlets, integrated throughout Yukon.

EASILY GOES FROM PEOPLE TO CARGO IN UNDER 5 SECONDS. FLAT.

With the touch of a button, Yukon's available third-row power fold-flat seats turn generous passenger room into an equally generous cargo area. For even more flexibility, second-row seats offer an easy-to-use, power-release fold-and-tumble feature. It's a luxury combination no other competitor offers. To provide second-row passengers with easier access, Yukon is designed with large second-row doors.

TECHNOLOGY AT YOUR FINGERTIPS, YOUR EYES, YOUR EARS AND ESPECIALLY YOUR VOICE.

The idea behind the design and engineering of Yukon is to help you focus solely on the road. That means offering technologies that eliminate distractions while keeping you connected, informed and entertained at the same time.

CUSTOMIZABLE DRIVER DISPLAY Choose Yukon Denali, and a reconfigurable gauge cluster with three selectable themes—Standard, Technology and Media—allows you to personalize the 8" diagonal Customizable Driver Display for optimized information placement. The display's menu can be navigated with steering-wheel-mounted controls. Driver alerts are also clearly displayed.

INTEGRATED COMMUNICATION New for 2016 is support for Apple CarPlay.^{TM1} It's the smarter way to use your iPhone® inside your Yukon. Now many of the functions you use your phone for—entertainment, communication and directions—appear on the built-in display. There's also the GMC Color Touch Audio System featuring a full-color, 8" diagonal screen for easy viewing and hands-free, voice-activated control of your smartphone as well as offering:

- IntelliLink² with available Pandora internet radio³
- MP3 music syncing
- HD Radio
- Vocalized text messages
- Siri® Eyes Free assistance
- Hidden storage with USB⁴ outlet
- Personal library access from multiple devices
- Storage of frequently used phone contacts

VOICE AND TOUCH-SCREEN NAVIGATION⁵ In response to your voice or touch, Yukon's available Navigation System displays 2-D or 3-D map graphics on the 8" diagonal center-mounted screen. NavTraffic⁶ (3 trial months of SiriusXM) incorporates real-time traffic and road conditions, directing you toward the most efficient route.

BOSE SOUND SYSTEM Yukon's Bose system is engineered to allow you to hear each and every note just as the musician intended. It features nine premium speakers and a center-mounted subwoofer for rich bass tones to create a fuller listening experience.

BOSE CENTERPOINT SURROUND SOUND For the sensation of a live performance, Denali includes a 10-speaker surround sound system with SurroundStage[®] signal processing. This technology, along with AudioPilot[®] noise compensation, delivers five independent channels from existing two-channel recordings.

FOUR-COLOR HEAD-UP DISPLAY (HUD) Inspired by fighter aircraft technology, this GM segment-exclusive system projects important driving information at eye level. Without taking your eyes off the road, see speedometer and rpm, Forward Collision Alert, Lane Keep Assist, adaptive cruise control, transmission position and Turn-by-Turn Navigation information, if equipped.

BLU-RAY™/DVD REAR-SEAT ENTERTAINMENT SYSTEM This available system includes a Blu-ray/DVD player and 9.2" diagonal flip-down display. Yukon XL and XL Denali models feature two screens, with one screen specifically for the third-row passengers. This system is compatible with most popular video gaming systems.

WIRELESS CHARGING MAT⁷ With available wireless charging conveniently located on the center console, you can power up your compatible phone or device anytime the vehicle is running. No cord necessary.

CONNECTIVITY Depending on the model you choose, you'll never be far from a convenient power supply: up to five USB ports,⁴ five 12-volt auxiliary power outlets and a 110-volt outlet located in the second row keep first- and second-row passengers connected and powered up.

⁵Vehicle user interface is a product of Apple[®] and Apple's[®] terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. ²Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ³Data plan rates apply. ⁴Not compatible with all devices. ⁶Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ⁸If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. XM satellite service is available only to those in the 48 contiguous USA and D.C. ⁷The vehicle must be on or Retained Accessory Power must be active. Remove all objects from the charging pad. Place the mobile device face up on the charging symbol on the charging pad. Move the device slowly until the battery charging symbol displays on the touch-screen, indicating the device is charging. See your Infotainment System Owner's Manual.

EXUDES POWER. RESPECTS RESOURCES.

Yukon's EcoTec3 engine family combines three engine technologies: Direct Injection (DI), Active Fuel Management (AFM) and continuously Variable Valve Timing (VVT) to deliver exceptional power, torque, efficiency and durability. The 5.3L V-8 achieves the best highway fuel efficiency¹ in a full-size SUV. It generates 355 hp, 383 lb-ft of torque and 23 mpg hwy.¹ For even more power and torque, Yukon Denali features a 6.2L V-8 with class-leading horsepower and torque and a Hydra-Matic 8-speed automatic transmission.

YUKON DENALI IN QUICKSILVER METALLIC
shown with available equipment.

HANDLE LIFE'S TWISTS AND TURNS AND UPS AND DOWNS.

From behind the wheel of Yukon you'll feel confident and in command, while your passengers enjoy a comfortable ride. Yukon is engineered for a smooth ride and unexpected handling to create the experience of driving a much smaller vehicle.

*EPA-estimated mpg: 16 city/23 hwy (2WD), 16 city/22 hwy (4WD) with 5.3L V-8 engine and 15 city/22 hwy (2WD), 15 city/21 hwy (4WD) with 6.2L V-8 engine.

STABILITRAK Yukon's electronic stability control system helps improve stability by reducing traction loss. Sensing when Yukon isn't responding to steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. To mitigate rollovers, it anticipates a vehicle "tip up" situation, rapidly braking to help reduce lateral forces and the likelihood of a rollover.

MAGNETIC RIDE CONTROL For smoothness and refinement that rival that of premium luxury sedans, Yukon Denali features the remarkable capability of Magnetic Ride Control. This system senses changes in the road surface up to 1000 times per second, instantly adjusting the shock absorbers for maximum comfort and control, without sacrificing agility.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS To reinvent the brake rotor, GMC engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. FNC is a patented, GM-exclusive corrosion protection process designed to help prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder when applying the brakes.

FOUR-WHEEL DRIVE Yukon's available four-wheel-drive system allows you to switch between two-wheel drive for optimum fuel efficiency¹ and four-wheel drive for much-needed additional traction and control.

FOUR-WHEEL DISC BRAKES The stopping system improves pedal feel for a stronger, more confident braking performance.

FULLY BOXED FRAME Yukon's frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

WIDE TRACK For improved stability and more confident cornering, Yukon features a wider rear track. Wider wheels reduce tire flex for improved cornering, and low-rolling-resistance tires aid in fuel efficiency.¹

ELECTRIC VARIABLE-ASSIST POWER STEERING The electric variable-assist power rack-and-pinion steering system improves fuel efficiency¹ versus engine-powered systems. It provides less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when you're maneuvering in tight spaces.

SHEAR-STYLE BODY MOUNTS Connecting the body to the frame are high lateral-rate and redesigned hydraulic body mounts. You'll enjoy improved comfort and a smoother, quieter ride. The shear-style mounts dampen side-to-side vibrations, while the new hydraulic mounts dampen vertical vibrations.

BECAUSE SOME HOBBIES REQUIRE BIGGER EQUIPMENT.

Everything about Yukon is designed and engineered for ease of travel, including pulling your recreational equipment. Yukon offers a maximum trailer weight rating of up to 8500 lbs.¹

¹Requires 5.3L V-8 and Heavy-Duty Trailering Package. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

AUTOMATIC LOCKING DIFFERENTIAL This feature directs power to the rear wheel with the most traction on loose gravel or slippery surfaces.

AUTO GRADE BRAKING It automatically senses when you want to slow your Yukon and engages a Grade Braking shift pattern within the transmission to help maintain your desired speed.

YUKON SLT IN QUICKSILVER METALLIC
shown with available equipment.

PREMIUM SMOOTH-RIDE SUSPENSION WITH AIR LEVELER

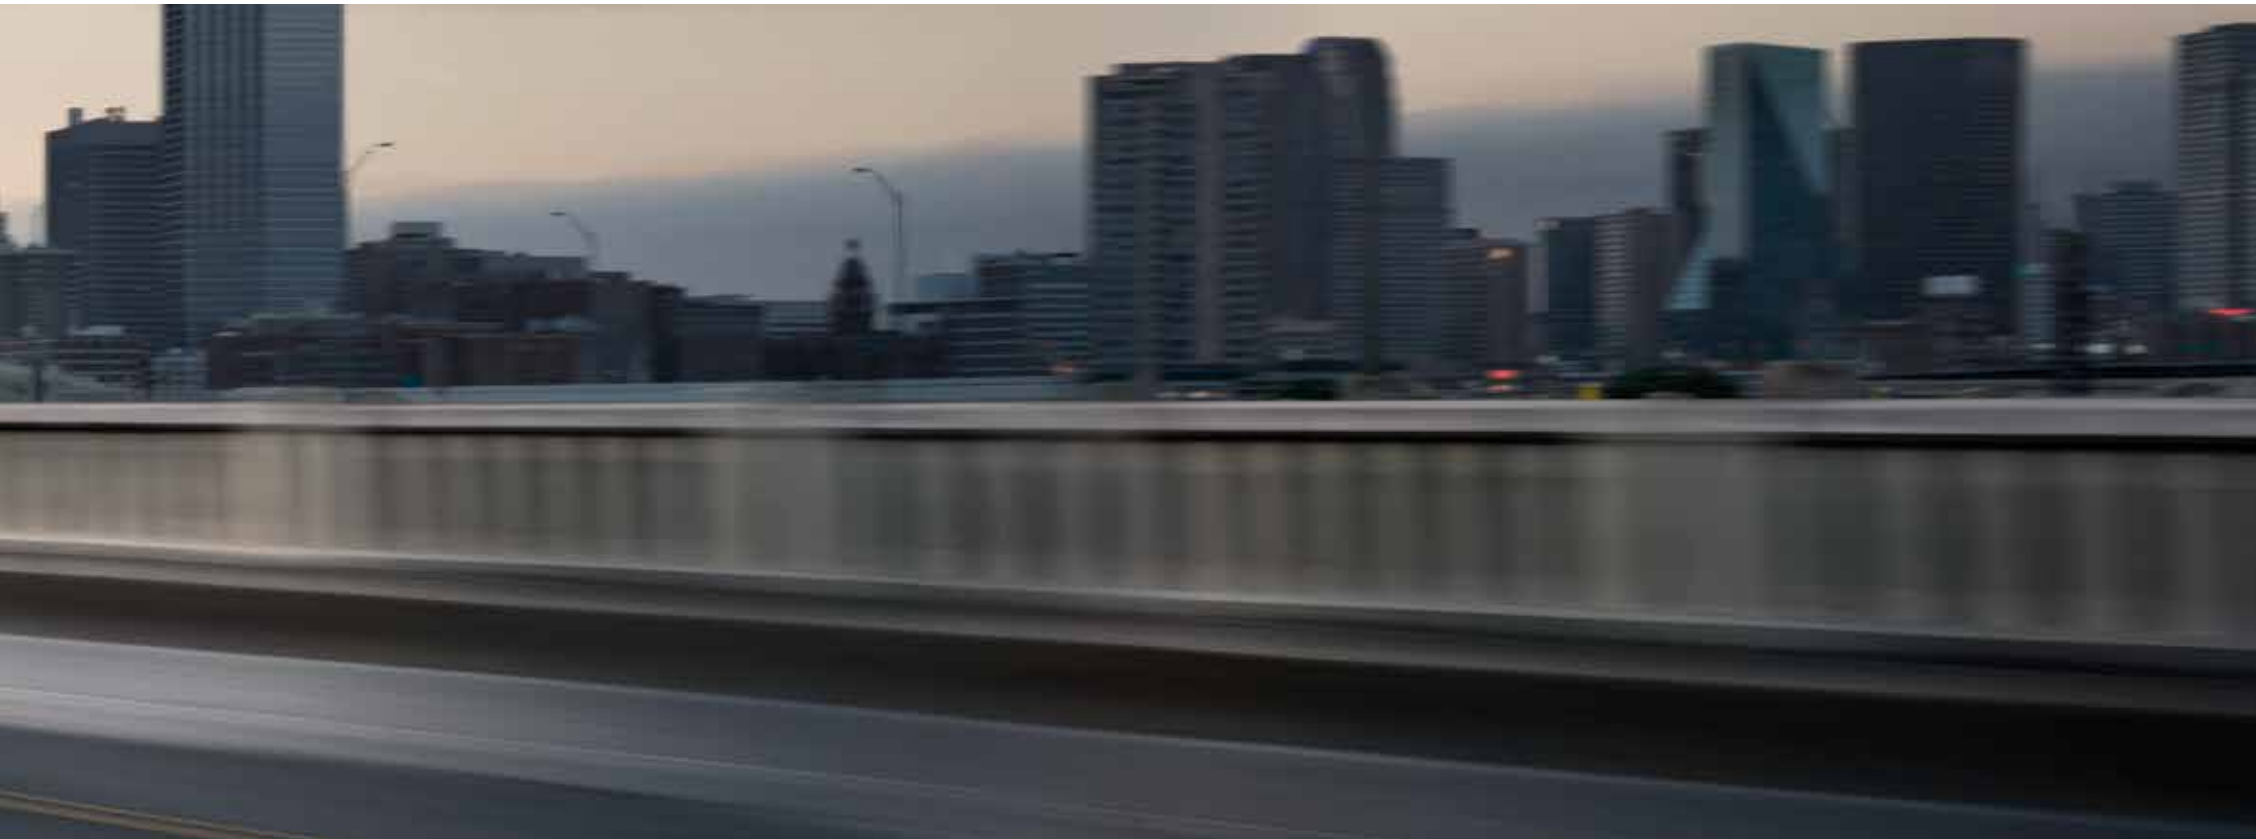

The available system constantly senses and adjusts Yukon's rear suspension height to maintain a level position. It also contributes to Yukon's max trailering rating.

HILL START ASSIST Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It's most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

TOW/Haul MODE Providing more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also helps reduce speed by using engine compression to slow Yukon instead of merely braking.

TRAILER SWAY CONTROL Keep both you and your trailer heading in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon's and the trailer's brakes (if properly equipped) to help bring it back in line.

TRAILER BRAKE CONTROLLER For fingertip control and easy monitoring of your trailer brakes, there's an available integrated trailer brake controller. Conveniently located to the left of the steering wheel, it displays the level of brake force or "gain" in the Driver Information Center.

SO SMART, YOU GAIN CONFIDENCE JUST BY DRIVING IT.

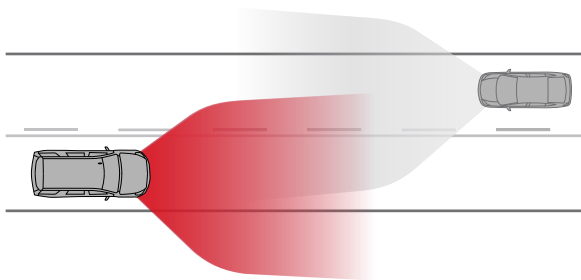

Yukon offers a comprehensive array of driver-alert technologies, engineered with the idea that the best way to handle a collision is to avoid it. For 2016, Yukon adds Lane Keep Assist and IntelliBeam to the available Enhanced Driver Alert Package that also includes Forward Collision Alert and the Safety Alert Driver Seat.

DRIVER AWARENESS Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Yukon Owner's Manual for more important safety information.

LANE KEEP ASSIST This new available technology (shown above) for 2016 helps Yukon stay in its lane and avoid unintentional lane changes. It assists by gently correcting the steering path and may also issue an alert if Yukon approaches a detected lane marking without the turn signal being activated. Standard on SLT and Denali.

FRONT CENTER AIR BAG¹ The Front Center Air Bag is designed to help protect drivers and front-seat passengers in side-impact crashes where the affected occupant is on the opposite, non-struck side of the vehicle.

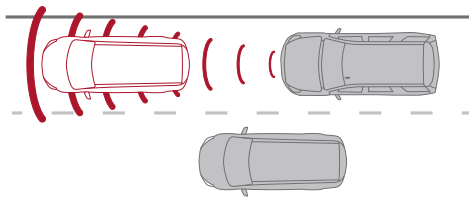

INTELLIBEAM When oncoming headlamps or taillamps are detected in front of Yukon, this new system automatically adjusts between low and high beams.

LANE CHANGE ALERT Working with Side Blind Zone Alert, this available system uses long-range (up to 230 feet) radar to help detect and warn you of fast-approaching traffic in the next lane.

SIDE BLIND ZONE ALERT The available radar-equipped sensors monitor Yukon's blind spots, alerting the driver via visual warnings to help reduce the risk of collisions.²

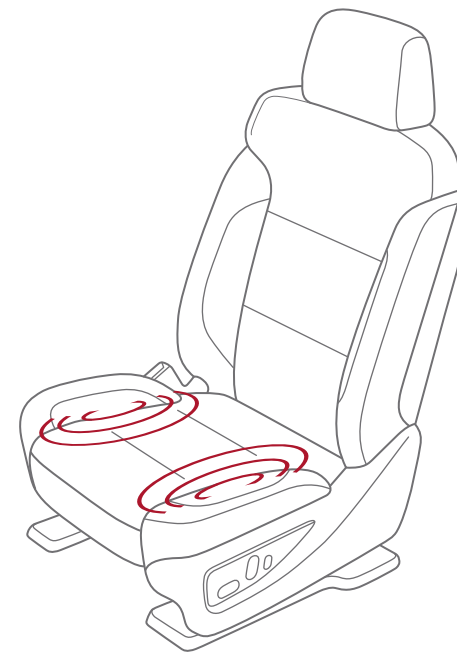

ADAPTIVE CRUISE CONTROL This available technology detects a vehicle ahead and automatically adjusts Yukon's speed to maintain a steady driving distance. It also includes Front Automatic Braking that automatically slows Yukon down to help prevent an impact.

FORWARD COLLISION ALERT The available Forward Collision Alert warns you when you're rapidly approaching another vehicle and it appears a collision is imminent. It also provides an alert if the driver is following a detected vehicle too closely.

REAR CROSS TRAFFIC ALERT Monitoring your surroundings and working with the Rear Vision Camera System, it sends audio and visual warnings, alerting you to approaching cross traffic while backing up in a parking lot or driveway.

ENHANCED SECURITY PACKAGE To help ensure that it remains in your possession, the 2016 Yukon surrounds itself with this available package that includes glass breakage sensors, vertical movement sensors, interior motion detectors, door and liftgate lock shields and numerous other theft-deterrent technologies to keep potential thieves at bay.

SAFETY ALERT DRIVER SEAT Forward Collision Alert, Lane Keep Assist and Front and Rear Park Assist provide visual alerts and allow you to choose from additional audible signals or the available Safety Alert Driver Seat, which uses directional vibrations to help warn you of a potential collision.

¹A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your Owner's Manual and child safety seat instructions for more safety information. Front Center Air Bag is not included with available front 40/20/40 split bench on SLE. ²Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

PROFESSIONAL GRADE PROTECTION.

GMC Pro Grade Protection is standard on every 2016 Yukon. From maintenance to protecting your entire vehicle, you can drive with confidence.

INCLUDES 2 MAINTENANCE VISITS DURING THE FIRST 2 YEARS/24,000 MILES¹

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY²

5-YEAR/60,000-MILE POWERTRAIN LIMITED WARRANTY²

WE'RE AS CLOSE AS THE BLUE BUTTON.

Standard for 6 months, the OnStar Guidance Plan³ (trial excludes Hands-Free Calling minutes) lets you connect to a specially trained OnStar Advisor just by pressing the blue OnStar button in your Yukon.

ONSTAR WITH 4G LTE AND BUILT-IN WI-FI® HOTSPOT⁴ Now your Yukon has an available built-in Wi-Fi hotspot, for connecting up to seven tablets, laptops or mobile devices at 4G LTE speed, so the content you crave is always headed where you are. Requires a data plan after the 3-month trial period (3 months of data or 3GB, whichever comes first).

ONSTAR BASIC PLAN⁵ With the Basic Plan, you've got a powerful connection to your vehicle and the world around you standard for 5 years at no additional cost to you. You'll have access to select services, which include limited features of the OnStar RemoteLink mobile app that lets you remote-start your car (if equipped), pinpoint your vehicle on a map on your smartphone and manage your vehicle's Wi-Fi hotspot (if equipped). Plus, send a destination to your in-vehicle navigation screen and lock or unlock your doors—all from your mobile device. Your vehicle can run diagnostic checks on itself and remind you of servicing needs by e-mail.

AUTOMATIC CRASH RESPONSE In a crash, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can't ask for it.

EMERGENCY SERVICES One push of the red emergency button gives you a priority connection to a specially trained OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

CRISIS ASSIST During severe weather or other crisis situations, OnStar can provide a quick, central point of contact when you need emergency assistance, navigation help or information.

ROADSIDE ASSISTANCE⁶ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to help get you back on the road quickly.

STOLEN VEHICLE ASSISTANCE⁷ If your vehicle is stolen, OnStar can use GPS to pinpoint and work with authorities to quickly help recover it. On many models, an Advisor can send a signal to slow the vehicle or prevent it from restarting.

TURN-BY-TURN NAVIGATION Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of more than 14 million points of interest. To plan routes in advance, you can send directions to your vehicle through Mapquest.com, an Advisor or the RemoteLink mobile app.

ONSTAR WITH 4G LTE CONNECTION³ With powerful 4G LTE connectivity built right into your vehicle, you have your very own mobile command center that provides faster service delivery and lets you stay connected on the go.

ONSTAR REMOTELINK® MOBILE APP³ You can remotely start your vehicle, locate your vehicle on a map, lock or unlock your doors, honk your horn and flash your lights. You can also send directions to your vehicle through your smartphone.

REMOTE SERVICES A simple call to an OnStar Advisor can send a signal to unlock your doors or honk the horn and flash the lights. It's technology hard at work to get you back on the road.

HANDS-FREE CALLING³ Your vehicle has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn't available. Choose from minute bundles or a minutes-per-month plan.

ATYOURSERVICE⁸ Life just got easier and more affordable with the personalized connection of AtYourService. Our trusted Advisors can deliver offers for everyday savings from restaurants and retailers on your route, help you locate hotels and even book your room.

ONSTAR VEHICLE DIAGNOSTICS As part of the Basic Plan, every month, your vehicle runs a thorough check of your engine, transmission, antilock brakes and more, and e-mails you the results.

DEALER MAINTENANCE NOTIFICATION Is it time for a tire rotation? An oil change? Or a new air filter? You'll always know because your car can e-mail your Vehicle Diagnostics report to the dealer when it's time, and the dealer will contact you to set up a service appointment.

¹Covers only scheduled oil changes with filter, tire rotations and 27-point inspections, according to your new vehicle's recommended scheduled maintenance, for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of two service events. See participating dealer for other restrictions and complete details. ²Whichever comes first. See dealer for limited warranty details. ³Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Mobile app available on select iOS, Android,™ BlackBerry® and Windows® devices. Services vary by device, vehicle and conditions. The OnStar Vehicle Locate Service can locate OnStar-equipped vehicles, not people. Requires an active OnStar subscription. OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Plus tax. Credit card payment required for monthly subscriptions. ⁴Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for details and system limitations. ⁵The OnStar Basic Plan is available for 5 years from the date of delivery of eligible 2015 model year and newer vehicles and is transferable, including Vehicle Diagnostics, Dealer Maintenance Notification and access to limited OnStar RemoteLink mobile app features. The OnStar Basic Plan does not include emergency, security or navigation services. These and other services are available under a paid plan. Visit onstar.com for vehicle availability, coverage map, details and system limitations. Requires factory-installed remote start. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Requires factory-equipped vehicle navigation screen. Ability to send a destination to a vehicle's navigation screen through a smartphone is only available on 2016 model year and newer vehicles. Currently available to OnStar Guidance Plan subscribers in the U.S. only. ⁶Roadside service provided by Allstate Roadside Services. ⁷Services vary by model and conditions. Visit onstar.com for vehicle availability, details and system limitations. ⁸Third-party trademarks are the property of their respective third-party owners, used under agreement.

CHROME MIRROR COVERS Help your Yukon make even more of a fashion statement with these chrome outside rearview mirror covers. Set of two.

CHROME DOOR HANDLES Add personality to the exterior of your Yukon with these stylish chrome door handles. Like the full array of chrome accessories, they help your Yukon stand apart from everything else on the road.

CHROME GRILLE Specifically designed and engineered for your vehicle, this stylish grille has a chrome surround and features the GMC logo.

CHROME ASSIST STEPS Make it easier to get into and out of your Yukon with these stylish 6" rectangular chrome assist steps. Crafted from rust-resistant stainless steel with black textured step pads.

22" WHEELS See our selection of distinctive accessory wheels shown to the right.

DUAL-SCREEN REAR-SEAT ENTERTAINMENT SYSTEM Rear-seat passengers will enjoy a DVD player along with multiple inputs (SD, USB,¹ micro HDMI) that send audio and video content to either one screen or both at the same time. Includes wireless headphones and a remote control.

FINE-TUNING.

Available individually or as part of a package, GMC Accessories are the best way to customize your Yukon while still keeping it Professional Grade. They're engineered and tested to meet the standards of your Yukon.

THE BEST AND THE BRIGHTEST.

Building the Professional Grade 2016 Yukon means precisely engineering every inch of it from the ground up—including its wheels.² That's why you'll find GMC accessory wheels in a range of styles.

¹If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only to those in the 48 contiguous USA and D.C. ²Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ³Go to my.gmc.com/learn to find out which phones are compatible with the vehicle. ⁴The vehicle must be on or Retained Accessory Power must be active. Remove all objects from the charging pad. Place the mobile device face up on the charging symbol on the charging pad. Move the device slowly until the battery charging symbol displays on the touch-screen, indicating the device is charging. See your Infotainment System Owner's Manual. ⁵Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates may apply. ⁶Not compatible with all devices. ⁷Vehicle user interface is a product of Apple[®] and Apple's[®] terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. ⁸Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for details and system limitations. ⁹The OnStar Basic Plan is available for 5 years from the date of delivery of eligible 2015 model year and newer vehicles and is transferable, including Vehicle Diagnostics, Dealer Maintenance Notification and access to limited OnStar RemoteLink mobile app features. The OnStar Basic Plan does not include emergency, security or navigation services. These and other services are available under a paid plan. Visit onstar.com for vehicle availability, coverage map, details and system limitations. Requires factory-installed remote start. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Requires factory-equipped vehicle navigation screen. Ability to send a destination to a vehicle's navigation screen through a smartphone is only available on 2016 model year and newer vehicles. Currently available to OnStar Guidance Plan subscribers in the U.S. only. ¹⁰Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Mobile app available on select iOS, Android,[™] BlackBerry[®] and Windows[®] devices. Services vary by device, vehicle and conditions. The OnStar Vehicle Locate Service can locate OnStar-equipped vehicles, not people. Requires an active OnStar subscription. OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Plus tax. Credit card payment required for monthly subscriptions. ¹¹A NOTE ON CHILD SAFETY: Always use safety belts and the correct restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

¹Cargo and load capacity limited by weight and distribution. ²Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

IMPORTANT WORDS |

PRO GRADE PROTECTION

For 2016, Yukon comes with the Pro Grade Protection Plan, which includes two maintenance visits,¹ 3-year/36,000-mile bumper-to-bumper limited warranty² and 5-year/60,000-mile powertrain limited warranty.² Roadside Assistance and Courtesy Transportation.

Starting with the owner orientation—and full tank of gas—you receive when you take possession of your Yukon to the **24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits**, you receive a portfolio of owner privileges that lasts throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-GMC-8782.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 60,000 miles (whichever comes first).

COURTESY TRANSPORTATION Available at participating dealers: shuttle service, reimbursement of certain public transportation or fuel expenses for overnight warranty repairs and courtesy rental for overnight work repairs. See your dealer for details.

GMC OWNER CENTER A complimentary, one-stop resource to enhance your GMC ownership experience. It's easy to sign up. Just go to gm.com/gmownercenter/gmc.

ONSTAR

OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar service required. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Visit onstar.com for coverage maps, details and system limitations. Services vary by model and conditions.

SIRIUSXM SATELLITE RADIO

SiriusXM Satellite Radio³ is standard on all Yukon models. It includes 3 trial months of service. SiriusXM Satellite Radio makes your drive come alive with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for details.

GMC CERTIFIED SERVICE

Certified Service

To help your Yukon live up to its performance promise, GMC Certified Service—found exclusively at your GMC dealer—is there. With all the engineering excellence in Yukon, GM-trained technicians have the expertise to care for all of it.

ADDITIONAL NOTES

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD INFORMATION Please carefully review the Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

ENGINES GMC products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in GMC products may also be used in other GM makes and models.

GMC.COM See more of Yukon on our Web site: gm.com/yukon. More photos and information; hot links to related subjects; convenient dealer locator; pricing guide, spec out your own vehicle. Or call 1-800-GMC-8782.

BUYPOWER CARD™

Now it's even easier to get into the GMC of your dreams. Every purchase gives you Earnings redeemable toward part or even all of a new GMC, Chevrolet, Buick or Cadillac. Every year, enjoy 5 percent Earnings on your first \$5,000 in purchases and 2 percent unlimited Earnings after that. No expiration on Earnings and no limit on how much you can earn or redeem. Learn more at buypowercard.com/catalog. YOUR CARD IS THE KEY.™

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GMC dealer for complete details. GMC reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. All competitive claims are based on the latest information available at the time of printing and GM Large Utility segment.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

NEW-VEHICLE LIMITED WARRANTY All GMC light-duty vehicles come with a fully transferable, no-deductible 5-year/60,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the USA are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years or 100,000 miles (whichever comes first). Yukon also comes with two maintenance visits within the first 2 years/24,000 miles (whichever comes first).¹ See dealer for details.

ASSEMBLY GMC vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

GMMOBILITY.COM (1-800-323-9935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

¹Covers only scheduled oil changes with filter, tire rotations and 27-point inspections, according to your new vehicle's recommended maintenance schedule, for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of two service events. See participating dealers for other restrictions and complete details. ²Whichever comes first. See dealer for limited warranty details. ³If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel*. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. XM satellite service is available only to those in the 48 contiguous USA and D.C.
